(b) No survey on alcohol abuse and resultant death and disabilities is available.

(c) Yes, Sir. Greater harm to women has been attributed to smaller body mass index, distribution of water in body, effects of harmones like estrogen and progrestrone and lower levels of alcohol metabolizing enzymes (*viz*) alcohol dehydrogenerase.

(d) The best approach is reduction in consumption. This requires a multi-faceted approach as it involves policy related to taxation, dealing with illicit liquor and awareness generation, training and community outreach programme.

The Ministry of Social Justice and Empowerment is in the process of developing a National Alcohol and Drug Demand Reduction Strategy in consultation with all stake holders, experts and international agencies in this sector. It is also implementing an NGO-based programme under the Scheme for "Prevention of alcoholism and substance abuse" for preventive education, awareness generation, motivational counselling and rehabilitation of addicts.

Family Welfare Programmes in villages

4861. PROF. M.M. AGARWAL: Will the Minister of HEALTH AND FAMILY WELFARE be pleased to state:

(a) the details of Family Welfare Programmes undertaken at village level during the last three years to create a sense of awareness among the masses of the country;

(b) the expenditure incurred on the programme in each State during this period; and

(c) the progress made in bringing down the birth rate in each State during this period?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY WELFARE (SHRI A. RAJA): (a) States are provided with funds for taking up IEC activities. Two specific programmes for involving the community at village level for promoting health and family welfare are:—

(i) Mahila Swasthya Sanghs at village level have been constituted in 79,512 villages for creation of awareness about the reproductive and child health and family welfare issues through interpersonal interactions.

(ii) Zila Saksharta Samities in 227 districts have been provided with funds to take up IEC activities on various issues in their districts through folk media, workshops and group meetings.

Apart from this, the services of DAVP, Song and Drama Division and Directorate of Field Publicity of Ministry of Information and Broadcasting are utilized to carry out grass-root level publicity in rural and far flung areas through various activities including exhibitions, film shows, cultural shows and folk programmes. Health providers themselves are also trained in counselling and advocacy. Further, health and family welfare messages are regularly telecast/ broadcast through Doordarshan and All India Radio. Local channels of television and radio in the States are also being used for promoting health awareness.

In addition, the NGOs are engaged in advocacy and awareness generation on various programmes.

(b) A statement (Statement-I) showing State-wise allocation in various family welfare programmes during the last three years is annexed (*See* below).

(c) A Statement (Statement-II) showing the latest State-wise *SRS estimates of crude Birth Rate during 1998 to 2000 is Annexed.

*SRS (Sample Registration System)

Statement-I

State-wise allocation of funds in Family Welfare Programmes during the last three years

(Rs. in lakhs)
